***Long-View* staff wins distinguished merit award**

The staff of the *Long-View*, Longview High School's student newspaper, was honored this past weekend with the Award of Distinguished Merit by the Interscholastic League Press Conference (ILPC) at their spring convention.

The award is the highest rating given to high school newspapers by the ILPC, which is the journalism arm of UIL. "Master teachers who have advised award-winning publications and who know the nuances of students' publications" judge the newspapers, according to the organization.

The ILPC also honored several *Long-View* students with Individual Achievements Awards.
