Dedications set for new Foster, Ware campuses

Longview ISD will dedicate two of our newest campuses this week with ribbon cutting ceremonies and tours.

Ceremonies are slated for Wednesday, Oct. 12 at Foster Middle School, 1504 Martin Luther King Jr. Blvd., and Friday, October 14 at Ware Elementary School, 601 W. Garfield. Both events will begin at 2 p.m. and are open to the public.

The new Foster and Ware were completed this past summer under the district's \$266.9 million bond construction project, after well more than a century of combined service.
