

## JUNIORS PRESENT CLASS PLAY

### L. H. S. Students Head Honor Roll At Kilgore College

Longview High School students headed the list of students making the honor roll in the Kilgore Junior College for the first semester this year. Many of the students ranked high in the math and science who did not make grades high enough in other subjects to make the honor roll. One of the L. H. S. products is making an outstanding success at Texas Tech and is specializing in engineering courses and made 6 A's and one B. There are two students in Randolph-Macon College and both of these made their work, with very good records. So far only one student from last year's class has failed to make sufficient work to stay in college. The L. H. S. is a member of the Southern Association of colleges and secondary schools, and it is fully accredited by the State Department of Education. There are no courses being taught now in the high school for which accrediting is lacking, except those which are being offered for the first time. One student of last year's class led all freshmen of Southwestern University in the freshman examination in English.

The records show that L. H. S. has 75 students from the class of 1938, in some college and the majority of these are making satisfactory progress in their work. Our students are succeeding in Rice Institute, University of Texas, Baylor University of Waco, several other strong universities and colleges, along with many in the junior colleges scattered over the country.

These students are not recommended for college, unless in the opinion of the faculty they possess the ability to do college work. It often happens that a student gets in college without the recommendation of the high school, but they just as often fail to do satisfactory college work. It has been found that high school students do not succeed in college whose grades fall below average in the high school. Most frequently the students who come home from college with failing grades, are students who do average or below average high school work.

Students who graduate from Longview High School may enter any college or university, that is affiliated with the Southern Association. This means practically any college or university in the United States. This high school has had graduates who have succeeded in colleges of every rank—from Harvard to the least and most insignificant junior college. In every case, the student is, in a great measure responsible for his success and not the college to which he goes nor the high school from which he graduates. College success is dependent upon the individual ability and initiative of the student and not on his money nor the high school from which he comes.

### Miss Hudson Talks In Assembly

Miss Irene Hope Hudson of Louisville, Kentucky, representative of Christian Education in the First Presbyterian church, spoke to the students in second period study hall last week.

Her topic for discussion, Christian Vocational Guidance, was presented in a very effective manner.

"What would you say if you had one minute to talk to a thousand people?" was her beginning sentence. She then developed her talk into three divisions — Spiritual needs, choosing a vocation, and choosing a life partner. After many interesting illustrations were given, the discussion was closed with a prayer.

### Committee Named For Thespians

"Yallar Squares" won first place in the one act play presented in the High School Auditorium Friday night, February 24, under the direction of Miss Ethel Kaderli.

The plays were judged by three judges in the audience, and the winner will represent Longview in the county contests which will be held in Kilgore in March.

At the first rise of the curtain, "The Woman Who Understood Men" was presented. The cast was as follows:

Fannie Carter, Billie K. Ferguson; Judy Carter, Eleanor LeBus; Suzan, Helen Huff; Jim Carter, Morris Casey; and Ed Emerson, Tommy Kuykendal.

In the next play, "Yallar Squares," the matron of a county home was played by Pauline Anthony. The residents of the county home were Aunt Molly, Lillie Mae Odom; Becky, Lois Cobb; Mrs. Bousch, Frances Noblet; Mrs. Angler, Ouida Wiggins; and the woman by the stove, Mary Elizabeth Dooley.

"Pink and Patches," the concluding play, furnished a different type of entertainment. Texie, a wistful girl of fifteen, was played by Charlotte Carbon. Rexie, Texie's twin brother, was Elwood Rische. Juanita Ash was the mother. Mrs. Allen, a woman of society was played by Lorraine Hayward.

Winners in the Senior class were Judy Lyle and Hardy Miller; Junior class were Eugene Bistline and Gloria Grizzle; Sophomore class was Billie Jean Flannery. Results of returns for Sophomore boy have not been determined yet.

#### DEDICATION

To Miss Ruth Hilliard, who is now at home with her mother who is seriously ill, and without whose aid the Lobo staff could not have published the paper this year, this issue of the "Lobo" is dedicated.

### Riot, 'Spring Fever,' To Be Given Tonight At 8:15

All Longview High is expected to "turn out" for the junior's vivacious play, "Spring Fever," tonight at 8:15.

Ben Bob Jones as the dashing young college hero will play the masculine lead of Howard Bront, with Ann Purcell, his "one-and-only", acted by Delfred Few.

The supporting cast is made up of these sparkling juniors:

Jack Smaha, Ed Burns, a chemistry student; Bobbie Johnson, Mr. Purcell, Ann's father; Malcolm Elliot; Vic Lewis, an art student; Elizabeth McHaney, Vivian George, Vic's Girl; Margaret Ann Hall; Lou Herron, a journalism student; Dudley Meadows, President Dixon; Jacquelyn Hurst, Mrs. Purcell, Ann's Mother; Margie Hamilton, Aunt Maude, Howard's Aunt; Joe Castleberry, Professor Virgil Rean; Ernestine Ashworth, Mrs. Spangler, keeper of the rooming house at dear old Broodfield College.

The plot thickens as Howard, the day before Commencement, types frantically at a term paper on zoology. He will be graduated the next day if he can get it in on time.

Ed Burns has turned his room into a laboratory when he experiments with a substitute for dynamite, while Vic Lewis sets up his dois and easel in the living room and waits for a Russian Bolshevik as a model. In breezes Lou Herron every now and then to use the typewriter and maybe to see Ed. Anne Purcell has forgotten to reserve rooms at the hotel for her millionaire father and mother. She can take care of her mother in the dorm, and she persuades Howard to put her father up in his room.

But when the dignified and elegant Mr. Purcell arrives, Vic thinks he is the Bolshevik. Only the agency has phoned that the fellow is erratic and does not want to pose so Vic and Ed grab Mr. Purcell, gag him, strip him of most of his clothes, tie him to a hatrack, and intimidate him with explosions from Ed's laboratory. The mistake is discovered, but Mr. Purcell departs in great fury and withdraws his offer to present a new science building to the college.

In the meantime, Howard's Aunt Maude, who has put him through college, arrives unexpectedly. She learns of Howard's failure to pass his zoology course and decides to pose as a famous zoologist, get on the good side of Prof. Bean, and persuade him to "pass" Howard.

Anne, aided by her chum, Vivian and Vic, puts on a death bed scene in order to get her father to sign a paper promising the science building if Howard is allowed to graduate. But Vic, posing as the doctor, loses his mustache! Howard already has the paper though, but decides he can't go through with it. He packs his things leaving his girl, his disappointed aunt, and his diploma behind.

But why tell more? It's all fast and furious and funny with loud explosions now and then from Ed's "stinkum stinkorum" for good measure.

Every body come tonight and enjoy one swell night of spring fever.

### SCHOOL CENSUS TO BE TAKEN

Taking of the school census for this year was begun March 1, and must be finished by the end of this month.

Mr. R. L. Speight is in charge of the Southwest section, Mr. Robert Lowrance the Northwest, Mr. A. B. Owen the Northeast, and Mr. C. N. Wilkinson the Southeast.

All school children between 5 and 18 years are to be listed in the census and those six years old before September 1, 1939 also. If 18 years old on or before September 1, 1939 his name will not be on the census.

By taking this census the Longview city schools will qualify for state funds. The 1939 apportionment per student will be announced in August.

If the ones taking the census fail to get any name, Longview public schools will lose funds. Only through cooperation will this work be completed.

## I'm Glad I'm A Texan

March 2! Texas Independence Day! Doesn't it make a thrill run up your spine? Not an unhealthy feeling, just a grand feeling that you are a Texan?

Doesn't it make you feel "good inside" to hear someone say that Texas is the largest state in the Union, that Texas' fruit has the best flavor, or that Texas schools have the best system of fire drills in the United States—anything that makes you feel that Texas is better than any other state in America—in the whole world?

Aren't you proud that you are a Texan? You should be. If you are not, there is something wrong with you and you are to be pitied. Don't think its childish to have such emotions; it doesn't have to be continually on your mind; but once in a while take a little time out and just be glad you belong to the glorious state that is Texas.

## Know Your Seniors

One of the women haters of L. H. S. is Tommy Kuykendall who is tall, dark, and handsome. Here's your chance girls. Tommy is one of Longview's home town boys; he was born August 11, 1921. Tommy likes chemistry better than any other subject. His chief ambition is to beat Edward Kranz in Ping Pong. Tommy is one of the courteous employees who work in the Fairway Grocery on Saturday and after school.

He's tall and blond, and he plays a French horn in the band. Who is he? John Elam, of course. John was born in Denison, Texas, September 11, 1922, but he has lived several years in Longview. John's favorite subject is band. John says his present hobby is raising fighting chickens, but that he is beginning to tire of that. He likes brunettes, but he is seldom seen with any of them. John doesn't intend to go to college; but if he goes, Kilgore Junior college is his choice.

Another band student is Harold Green who plays a clarinet. He, too, is a home town product. He was born December 12, 1920. Harold likes to play tennis. His choice of girls is blonds without any exception. Harold spends most of his time in school flirting with Elsie Bell. His favorite subject is trigonometry.

One of those hand-ball sharks is Edward Kranz. Edward was born in Nowata, Oklahoma, January 30, 1923. His favorite sports are tennis, basketball, and ping-pong. He likes all his subjects with the exception of English. Edward is especially a woman hater, not having found one to his liking yet.

Also a native of Longview is Melesio Equihua who was born September 9, 1921. Melesio likes to build model airplanes and mechanical drawing is his favorite subject. He can be seen almost any time after school either riding his bicycle or attending a picture show. Melesio hasn't decided which college he will attend.

When this senior passes in the hall with Fred Cobb and Bubba Dews, (especially Fred), the boys immediately turn green with envy. That girl with the sparkling personality is none other than Maxine Leshe. "Maxie" as she is commonly called hails to Texas from Eldorado, Arkansas, where she lived for 13 years, having moved there from Creighton, Louisiana, where she was born March 9, 1922. She moved from Eldorado to Gladewater where she lived for one year before coming to Longview. She likes horseback riding and swimming. Her favorite subjects are typing and journalism. Maxine intends to continue her studies in Texas Tech after she is graduated from high school.

## FACULTY MEMBERS OUT OF SCHOOL

Three members of the faculty have been absent during the past week.

Miss Ruth Hilliard was absent due to the illness of her mother who lives in Lockhart, Texas. Mrs. C. E. Hamener taught in Miss Hilliard's place.

Because of illness Miss Eunice Ware has been absent for two weeks. Her sister, Miss Naomi Ware, is substituting for her. Mrs. Virgil Rosson was absent for two and one-half days due to a slight attack of ptomaine poisoning. Mrs. Hamner kept the study hall for her.

## Books Selected For Next Year

A committee of teachers met Thursday afternoon, February 23, to select new books for next Fall.

New books of Algebra, American History, Chemistry, General Physics, Economics, and Civics were chosen.

A new kind of Physics book without labor was selected.

The Economics text book is the first adopted one in the history of Longview High School.

These books will be in use for the following six years.

Teachers who were on the Committee to choose the books were:

Miss Viola McLaurin, Miss Nell Ingram, Miss Julia Hyman, r. B.L. Blackburn, Mr. C. B. Osburn, Mr. C. L. York, Mr. C. N. Wilkinson, Mr. R. L. Speight, Mr. H. L. Foster, and Miss Sybil Bass.

## Foster Returns From Convention

Mr. H. L. Foster will return today from Cleveland, Ohio, where he has been spending the past week attending the National Convention of American Association of School Men administrators.

This association is a branch of the Department of National Education Association of the United States.

The convention opened February 25, and ended March 2. It was the 69 annual convention and delegates from all over the nation attended.

Theme of the convention was "Foundations of American Education," and much of the program was broadcast by the National Broadcasting Co., Columbia Broadcasting Co., and the Mutual Broadcasting Co.

## Swing Is Definitely Favorite Music Of Students

Swing is definitely the favorite music of high school students, although a few prefer other kinds. When a querulous reporter asked several students the question, "What kind of music do you like, and why?", various and sundry answers came forth.

For instance:

Jimmy Leake, with an unconcerned look, stated that he likes swing music because it's colorful. He also likes sentimental music such as "Hurry Home" and "Two Sleepy People."

D. J. Anderson just likes all types, sizes, and shapes of swing.

When the questioning reporter confronted that versatile romeo, Malcolm Elliott, she received a lot of information! Malcom said, "Oh, I like swing because Emilie Wood really can swing it!"

That girl from Spring Hill, Marguerite Beasley prefers waltzes because they give her a dreamy sense. Marguerite, however, enjoys all kinds of music.

Two jitterbugs, Fred Johnson and Bill Hayes, like swing because, as they put it, "We got rhythm!"

Frances Nobbitt and Lois Cobb like slow, dreamy music because it's more romantic.

Justifying her position as a twirler in the band, Billie Sue Ayres appreciates all marches since they are rhythmic.

Just to be different Lillie Mae Odom prefers opera not only because it is different, but also because Nelson Eddy specializes in it.

Evelyn Baccus and Helen Ruth Brutan just like swing. They have no particular reason.

With a "cute" gleam in her eyes, Corrine "Tootie" Toews said, "I like swing 'cause it has something that gets me!"

Sweet, agreeable Mary Freudiger enjoys all music.

The inquiring reporter completed her rounds by interviewing Ouida Wiggins, recent arrival from Oklahoma City. Ouida, looking a little dreamy, answered the question by saying, "Oh, Hold Tight" is my favorite. Where does Tom Landers and the E-Tex Cafe come in there, Ouida?"

## Delegates Plan Meet With Kilgore

The student council is making plans to bring the state student council convention to Longview next year.

Helen Hall, Billie Katherine Ferguson, Dorothea Connolly, E. C. Johnson, Billy Huie, and Mrs. Virgil Rosson met with the council officers at Kilgore, Tuesday, February 28, and discussed these plans.

The committee will return to Kilgore tomorrow to meet with student council officers from Kilgore, Marshall, Athens, Tyler, and Hallsville to discuss the convention with them.

## NELSON AND ODEN BACK IN SCHOOL

Barbara Nelson and Imogene Oden were welcomed back to school by their friends and classmates after recent automobile accident which confined them to bed for a short while.

The student body is exceedingly glad that they were able to recover so quickly.

Miss McLaurin seems worried about something, maybe one of her pupils has been giving her trouble.

Reba, where are your glasses?

Arthur and Jimmie seem quite unconcerned about everything.

Two on one, thats not fair.

Elaine and Irene are going to be late if they don't hurry.

# SPORT SPARKS—

With this issue of the Lobo, we innovate a new feature, a sports column. This column is written by the sports editor and any remarks expressed in this or succeeding issues are his responsibility and his alone.

Last Saturday, we saw three very interesting basketball games at the Region 4 meet, here. The Gilmer Buckeyes, who won the meet, have one of the classiest squads we have seen in several years. Not having seen any of the other state finalists play, we have no idea as to each one's respective ability, other than the fact that they must be pretty good or they wouldn't be where they are. Still, we think the Buckeyes can give any team in the state meet a good battle.

Now that the basketball season is over as far as the Lobos are concerned, thoughts of most athletic minded boys turn to spring training. The Lobos should have a good season this fall, having three two year lettermen back along with five boys who lettered for the first time last fall. At ends will be Captain Otto Burandt and probably one of last year's squadmen; at tackles will probably be lettermen Merl Pendleton and Kenneth Ford; at guards will be two year letterman Jim Louis Carter and Billy Huey, who lettered last fall; at center Coach Shotwell has two year letterman Berry Grupell or letterman Herb Skidmore, who also doubles in the backfield, with Doyle Craver as understudy; in the backfield are two year letterman Edgar Worsham, and Herb Skidmore, who will probably leave the pivot duties to Grupell and Craver. T. A. Scott will probably be a starter with Worsham and Skidmore and the other backfield post will be left for several boys to fight for. Mind you, Coach Shotwell may make us look like a poor prophet but we think these boys are the logical ones for the positions we have named.

## Ross Chapin High Scorer For Lobos

With an average of 7.5 points a game, Ross Chapin ended the basketball season .3 of a point ahead of Captain William Knox to grab high scoring honors for the season.

The standings:

Player	G	FG	FT	TP
Chapin	23	66	41	173
Knox	23	71	23	165
Winkler	23	46	41	133

Freudiger	23	20	13	53

## Forty Girls To Be In Music Meet

Miss Phyliss Brannon announced that forty students from the girl's choral club will be featured in the music meet which will be held here March 10 and 11.

Forty students will be chosen from the girl's choral club to compete in the meet. Pupils are required to learn five numbers, two of which they will be required to sing in the contest. The numbers that they are learning are: "On Wings of Song" by Mendelssohn; "In The Time of Roses" by Ruchardt; "Robin In The Lilac Bush" by Nevin; "How Sweet the Moonlight Sleeps Upon This Bank" by Gallcott; and "Night Song" by Clokey.

Five girls will sing solos of their own selection. The soloists are Delfred Few, Miriam oyer, Ernestine Ashworth, Eleanor Rhea LeBus, and Margaret Ann Hall.

## Senior Banquet April 25

The Reverend Fred Few, pastor of the First Methodist Church, has extended an invitation to the Senior Class to attend a banquet given in their honor, Tuesday night, April 25.

The banquet and program will be presented by the church as their way of expressing their appreciation of the seniors. The only thing the church asks is that the seniors be their guests for the evening.

## Committee Selects Regional Team

Each of the four teams in the Region 4 meet was represented on the official All Region Team chosen between the halves of the Gilmer-Bailey game.

The committee that selected the team was composed of: C. N. Wilkinson, Business Manager of the Longview Athletic Department; B. L. Blackburn, Assistant Coach of Longview; Harold Mathews and Bailey McElreath, officials of the meet; and Ed Leach, Sports Editor of the Longview News and Journal. The official team:

- Murphy, forward, Summerfield.
- Clayton, forward, Bailey.
- White, center, Bailey.
- Hull, guard, Hughes Springs.
- W. Henson, guard, Gilmer.

## GILMER WINS REGIONAL MEET

A well balanced Gilmer team took an overtime battle from the Bailey Bulldogs to win the Region 4 basketball title last Saturday at Longview.

White of Bailey looped the ball through the hoop for the first two points of the game, but Gilmer took the lead on two consecutive field goals by McDonald. At half-time, the Buckeyes led, 8-5. At the end of the third quarter they apparently had the game cinched with a 16-11 lead. Then the Bulldogs cut loose the heavy artillery and banged 7 points through the hoop for an 18-17 advantage.

Seconds before the game ended, W. Henson took advantage of a charity toss and tied the game at 18 all. He opened the overtime period with a crisp shot, and followed it up with a two handed shot. Clayton of Bailey looped in a field goal, and then W. Henson ended the scoring with a free shot. The final score, Gilmer 23, Bailey 20.

## State Basketball Meet In Austin

The class of Texas High School basketball will battle at Austin today and tomorrow for the 1939 State Championship.

The tournament opens at 2 p. m. this afternoon with Abilene's Giants pitted against Kingsville, the sole repeater from last year. At 3:15, the undefeated Gilmer Buckeyes tangle with the fine Sidney Lanier team of Houston. Livingston's upsetting Lions meet the high-scoring Vernon team from the plains of West Texas at 7:15, and the final first round game brings together Dalhart and Bowie of El Paso at 8:30.

At 10:15 tomorrow morning, the winner of the Abilene-Kingsville game plays the winner of the Gilmer-Lanier game for the right to enter the finals. At 11:30, the winner of the Livingston-Vernon affair tangles with the winner of the Dalhart-Bowie melee, with the winner entering the championship round. The losers will mix it at 7:15 tomorrow night for third place honors and the championship will be settled at 8:30.

The Abilene Giants and the Vernon quint have been established as slight favorites, but it would be no upset if one of the other teams came through to win the championship. Officials for the tournament will be J. W. (Ziggy) Sears of Dallas, L. R. (Dusty) Boggess of San Antonio, and Ab Curtis of Fort Worth. Timekeeper will be Weldon Hart and Wilbur Evans will act as scorer.

## LOBOS BLAST LIONS 33-27

Avenging an earlier defeat at Tyler, the Longview Lobos took a 33-27 victory from the Tyler Lions here last Thursday.

Silas Winkler, Lobo guard, sparkled on the offense and defense until he went out on fouls late in the fourth quarter, roping in four field goals and a free shot for nine points. Captain William Knox of Longview hit two field goals and five free throws to tie Si for high honors, but he missed several short shots under the basket.

## Reverend Talbot Addresses Assembly

The Reverend Thomas Talbot of the First Presbyterian church of Luling, Texas, spoke in assembly, February 22.

Rev. Talbot pointed out four ways of life: work, love, truth, and ideals.

"The World does not owe you a living unless you work it out with the best of your brain and brawn," said Rev. Talbot. "To love and to be loved is to live life to the full. If truth should fail, the whole world would disappear. Heights can be scaled only by those with ideals."

Rev. Talbot also said that every person should have an ideal which is in Jesus Christ.

## Spring Fever Has Got L. H. S. In A Big Way

Ah, spring is here. It is time for Grandma to get out the old dose of sulphur and molasses, for most of the kids in L. H. S. are getting spring fever. The P. E. classes lounge around in the spring air unable to play baseball or what ever it is. Books are neglected; and thoughts of the tennis court, the swimming pool, and an open car return to the foggy minds of the students.

On being interviewed, Coleen Grant threw up her hands in a very theatrical gesture and murmured: "I think spring is the choicest of seasons. I love it because it reminds me of my childhood."

Floyd Rumbaugh heaved a great sigh, grinned and said: "In the spring, a young man's heart begins to flutter and turn to thoughts of love." If you ask us, Floyd, Spring ain't got nothin' to do with it.

Mary Jo Campbell said with a flourish of dignity: "Spring s what I look forward to all winter. What would we do without spring?"

Her little sister brightly started humming "When its Springtime in the Rockies" and put forth the information that "Spring and Chemistry don't mix." Wonder what she meant?

Paul Clements stated with elaborate gestures and grins: "Spring makes me want to write poetry." What kind of poetry, Clementine?

"Spring's swell" yelled Jean Jones as she jammed her foot on the starter, ready for another after school spree.

When asked what he thought about Spring, Johnnie Bishop casually remarked: "I quit thinking years ago, besides it isn't spring yet."

A green soph, Joyce Wilson, got very hungry because to mention spring to her meant "strawberries."

Gus Pool jumped up and got all excited but finally managed to say:

"I forgot Spring was so near. Thanks for reminding me."

Robert May woke up long enough to whisper: "It sure does make me sleepy."

So it seems Spring affects everyone a little bit different. But we all agree that it makes us all lazy.

## Pets Are Students Most Treasured

After prying into the private lives of the students of Longview High, it has been discovered that their most prized possessions are their pets. Everything from alligators to monkeys are the possessions of the animal lovers who have been interviewed.

A German Police dog, two deer hounds, a Chinese Chow, a Spitz dog with nine puppies, a pig, three ducks, horses, a rat, a cow, a snake, a rooster, and two peacocks are the pets of E. C. Johnston.

Allyne Farries is perfectly satisfied with one kitten which she calls "Fuzzy Gal."

Elsie Pope prefers her canary, "Bing," to any other animal.

Collecting game chickens is the hobby of Perry Connelly. Perry also has a dog and a pig.

Lorraine Hayward is much in love with her red Persian cat and Pekinese dog.

"Penny," a dog, has Odel Baker for its proud owner.

Irene Murphy has a puppy called "Boy".

Two goldfish are the pets of Elaine Foote.

Jack Bolt calls his horse "Danger," a term easy to understand.

Don Bolt has a dog for his playmate.

"Tom Thumb," a cat, and "Carl," a dog, are animals belonging to Lady Jane Goodrich.

A boy that believes that "A man's best friend is his dog" is Aubrey Dalton who has a dog named "Jack."

Juanita Newman says that her ten year old German Police dog's bark is worse than his bite.

## SLAMS AND TOO MANY DATES VERY EMBARRASSING

Have you ever walked up to a group of people who were discussing someone in a none too nice manner, and joined in the conversation only to discover that the person whom they were degrading was none other than you? That is exactly what happened to Margaret Ann Grizzle, and she considers it the most embarrassing moment of her life.

Bobby Slade's most embarrassing moment occurred when he accidentally made two dates with different girls for the same night.

The height of embarrassment to Mary Lillian Williams is to stand before a group of people and talk.

Louis Guice says that he played post office at a party one night and was very much embarrassed.

Jane Connor was embarrassed after she attended a party and went riding with a boy, with whom her father had forbidden her to go. When she got home, her father was waiting for her.

Ray Ferrell, much to his sorrow, will never forget an embarrassing predicament that happened when he was in the second grade. His teacher had locked him in a vacant room as a reward for misbehaving. That very day his mother came to visit the school and found him there.

"Gogie" Grizzle is always embarrassed when she introduces people because she usually forgets their names.

"I've had so many embarrassing moments that I can't think of the worse," blushed Bennie Jane Delafosse.

Mary Eleanor Jensen said that the first and last time that she parked a car she was thoroughly abashed. After fifteen minutes of struggle, she parked it three feet from the curb and glanced up and saw a large and amused audience.

"I told a joke one time, and I didn't

catch it till I had already been embarrassed," said Billie Jean Flannery.

Billie Tom Campbell becomes embarrassed every time a certain person teases her about making a little boy cry in assembly.

When asked about his most embarrassing moment, Morris Newnham answered, "Ask Laura."

Among those who have never been embarrassed are Juanita Newman, J. E. Warr, Eddie Little, Tommy Anderson, and Frank Hodges.

## Raymond Baca Finds L. H. S. Strange School

What would you do if you were in a strange country with a different sort of people who spoke an unknown language? Perhaps it would appear to you as being a new and exciting experience, but on the other hand it might prove to be a bit awkward.

Such a situation exists in this school today. Raymond Baca of Chihuahua, Mexico, approximately 1,000 miles from Longview, enrolled in Longview High School last Monday.

Coming to the center of the vast

East Texas oil field was a different experience, but knowing only a limited portion of the English vocabulary is a rather difficult situation to meet.

Longview High wishes to greet Raymond and express its hope that he will find Longview and East Texans everything that he expected.

## Homemaking Chapters To Hold Rally

Homemaking chapters of Area Seven will hold their annual rally in Jefferson, March 10.

The motive for the program is to entertain rather than to enlighten. An amateur program, consisting of one number from each school represented, will be the main event. Each school is requested to bring picnic lunches for the noon day meal. Discussions concerning the State Meet, which will be held in Galveston, also will be held.
