

## Longview Host To District Convention

### Cast Selected For Senior Play "Growing Pains"

Rumbaugh, Slade, Anderson,  
Grant, Winkler, Moyer  
Take Leading Roles

"Growing Pains," a comedy of adolescence by Aurania Rouneral has been selected as the senior class play and will be presented in the Junior High School Auditorium, Friday night, May 5.

The plot is centered around the McIntyre family and their friends. George McIntyre, a youth of around seventeen with a vocabulary which is several sizes too large for him, tries to get permission, and money to get a car; but his parents object. George, played by Bobby Slade, insists that a car is an absolute necessity and not a luxury.

His younger sister, Terry, Margaret Rumbaugh, is just entering young womanhood; but she still clings to her status as a tomboy. She is heart-broken when Brian, with whom she is secretly in love, tells her that she is too old to play ball with the boys. Brian, ably portrayed by Silas Winkler, is a suave, sophisticated, young gentleman who falls for Prudence Darling to the extent that he climbs a tree to rescue her cat.

Prudence is a petite, smiling young thing. She has just moved from a large city and promptly has the boys tumbling over each other for dates. Coleen Grant acts this role.

In the meantime George has traded his new .22 rifle to Omar, Roy Edwards, for a rattle-trap, strip down. The ensuing complications such as his running into the side of the garage, running a red light, and socking a traffic officer furnish fun and entertainment for all.

The remainder of the cast is as follows: Mrs. McIntyre, a warm-hearted, deeply maternal woman, Miriam Moyer; Professor McIntyre, an aristocratic looking man who is abstracted to the point of total deafness at times, Tommy Anderson; Dutch, a delivery boy for his father's store each Saturday, played by Grant Donaldson; Patty, Dutch's girl friend, Ann Nation; Mrs. Patterson, a determined woman who is angry because her daughter wasn't invited to the McIntyre's party, Louise Davis; her daughter Elsie, an innocent, mother-ridden girl, Margaret Ann Grizzle; Jane, Omer's girl friend, Billie Katherine Ferguson; Miriam, Helen Merle McHaney; Sophie, the maid, Pauline Pilon; third girl, Dorothy Ulin; Traffic officer, Robert Barnes; Pete, James Hineman; Vivian, a beautiful, new girl, Mary Elizabeth Hill; Hal, Tillman Perkins.

### Alexander, Booth, Owen, Bring L.H.S. Honors In Latin Meet

### Longview Schools Grow Steadily

Nineteen hundred and thirty-nine shows quite a growth in the Longview school system.

Eight years ago only forty teachers were in the Longview schools; now there are ninety-five. One thousand pupils filled the schools then; at the present there are 3300. Both white and negro schools have an enrollment of 4,500 students.

Ten new units of crediting have been added to the Longview schools and recognized by the State Department of Education. Senior high is adding a Laboratory of Industries to be opened next fall.

At the present there are four ward schools; eight years ago there were but two. A junior high building was added in 1928 as a high school, and in 1932 a senior high building was erected. Northcutt Heights was built in 1934, and South Ward in 1936. Two negro schools have been added, both of which are credited.

A stadium was erected in 1936, seating 10,000 people; and during the summer of 1938 the public schools, with the help of the city, sponsored a play ground for children of all ages.

### Mollie Oliphant Makes Good

Miss Mollie Oliphant, graduate of Longview High and a former member of the "Lobo" paper staff, is making remarkable progress in the field of journalism at T. S. C. W., Denton.

Since its organization in 1931 the local association of Student Council, which is a member of the National Association of Student Officers, has been in constant communication with the most effective student government organizations in all parts of the United States.

The Student Council is the agency for student participation in school government and control which is found in most schools. It is coming more and more to be looked upon as the unifying force in the school.

The following activities and projects have been attempted and accomplished by the Student Council organization of Longview High school.

Charity and welfare work, sponsored school monitors system, conducted better citizenship campaigns, published student handbooks, served as welcoming committee for new students, sponsored honesty campaign, wrote school codes, sponsored school celebrations, supervised general school elections, conducted safety campaigns, held a student leadership conference, exchanged ideas with other schools, planned school assemblies, and kept a calendar of school events.

## KEEP THIS DAY SAFE

*Easter should be one of the happiest days of the year—it is spring; everyone has new clothes, and peace is in the air.*

*Make Sunday a wonderful day to remember, but be careful. Each holiday many are killed or injured by reckless driving. Don't let anything happen to mar yours or your family's Easter.*

*Easter is a day of joy, of resurrection, of life! Don't let it become anything else.*

## Know Your Seniors

Did you ever hear of a Longview girl that likes all her courses and likes to cook and sew? Well, we hadn't either until we met Margaret Rumbaugh. She's seventeen, though she looks like a soph. She spends all her spare time riding, cooking, and sewing. And she definitely hates to practice the piano. She plans to go to business school and then get married.

A Longview lass is Mildred Adams, born and reared in Longview. Her favorite subject is English, and she likes all her teachers. She collects book matches from every state in the union, and she really has a notable collection. She spends all her spare time playing tennis, but she enjoys all sports. She just hates to get up in the morning. Kilgore Jr. college is her choice for a junior college and after that, who knows?

That great actor Morris Casey is getting out of school at last. His favorite subject is salesmanship, and he likes all his teachers. He was born in Hainsville, Louisiana, 1921. His hobby is frogs or rather giggling frogs, whatever that is. He detests

## Debate Class Teams Prepare For Projects

The debate class of Miss Ethel Kaderli has been divided into three debate teams. Three debates to be given before the end of school have been chosen.

The first question is "Resolved: That an adequate policy of defenses for the United States be approved." Berry Grupel and Troy Lee will take the affirmative of this question. Tommy McGannon will take the negative.

Richard Henderson and J. D. Johnston will take the affirmative of the question, "Resolved: That the government should own and operate public utilities." Christine Wilson and Lillion Mixon will take the negative.

The third question, "Resolved: That the United States should have socialized medicine," will be debated by Norma Lee and Elton Anthony, affirmative, and Louise Davis and Hardy Miller, negative.

## Carthage Teachers Visit School

Miss Katherine Duran, secretary to Superintendent Q. M. Martin, and Miss James, commercial teacher of Carthage, Texas, were visitors of Longview high school, Wednesday, March 29.

The teachers of Carthage high school have a day off to visit other schools to obtain information on how these schools are run.

The visitors are quoted as saying "We like the fine buildings, the teachers, the abundance of equipment, and the way the classes are taught."

nosey people and loafs in his spare time. He is going to Kilgore.

Did you know that H. C. Duplissey is going to be an undertaker? Well, that's what he told us. His favorite subject is bookkeeping. He was born in Houston, 1920. His hobby is Louise Smith. He sleeps in his spare time. H. C. is undecided as to what college will claim him.

J. C. Newman must have taken shop when a very small boy, because he is going to be a carpenter. He was born in Jacksonville, Florida. His favorite subject is bookkeeping. His hobbies are hunting and softball. And he asserts that he spends all his spare time studying.

Evelyn Baccus is our next senior in the spot light. She was born in Woodlawn, Texas. Her typing claims all of her time. Her hobby is going 'round corners on two wheels. She can't stand conceited boys. She spends all her spare time in the woods with her best girl friends cooking in the open. She plans to go to work in the telephone office.

Next up to bat is Christine Wilson. She was born in Beebe, Arkansas, and her favorite subject is literature. Her hobby is collecting poems. She hates to take medicine and dislikes conceited people. She is going to take a library course at C. I. A.

## P.-T. A. GIVES SILVER TEA

The P.-T. A. City Council gave a silver tea at Mrs. D. C. Newman's home, Tuesday, March 21.

The house party consisted of the presidents of each local P.-T. A. and the newly elected presidents for the coming year.

A delightful musical program was furnished during the calling hours.

# Campus Cat

Idle Chatter: Weldon Hatten has that certain something that makes the lassies come flocking. . . . When it comes to a variety in hair styles, the blonds have it. Take a squint at some of the productions of the Bac-cus sisters, Louise Smith, Edith Johnson, and Betsy Chaffin. . . . Wonder what is thought of the sport activities carried on during the noon hour. Nice, eh? . . . A year ago the cat stated that the love bug had swallowed Winston Pruitt. The poor boy hasn't managed to get out yet. . . . Christine Carmack reminds your columnist of the old saying, "You can take the girl out of the country, but you can't take the country out of the girl." . . . Which reminds me

—What did she and another L. H. S. "skirt" do to get picked up by a cop? . . . It is strange that sometimes twins can be so different. . . . It's a pity some of the faces didn't freeze when so many pictures were being taken for the annual. . . . That's crooked work in them thar typing classes. . . . Doris Warwick corresponds with a sailor who sends her airmail letters from all parts of the world. One week she gets one from China and the next week the epistle is addressed Los Angeles, California. . . . Mary Virginia Ray has a good reason for going to church on Sunday night, Doyle Craver. . . . Everyone gets dizzy when riding with Iloe Mae Rogillio. They are wondering whether it is the girl or the driving. . . . Jane Wood has the "big head". Don't be fooled, but her measurements show it to be a fact. . . . Mildred Terry is all excited because someone told her she resembled Kate Hepburn. . . . The discovery of the month is Roy Edwards' resemblance to "Pig" of the "dead end" kids. . . . It is rumored that William Lee has given Owida a ring. . . . Shirley Temple has a birthday this month. It is surprising that someone hasn't found her double right here in high school. . . . That career story overlooked one good bet; Fannie Winn swears she will be a night club entertainer. . . . The Girls' Lobo Club has started a campaign for making the club known in the school. These girls mean business too.

**Noises In My Ear:**  
 April Fool's done past, but all were fools while it did last. . . . I have an uncle what lives in ('nough said?) . . . Wilkie is the type of teacher I like. . . . "In the Shade of the Old Apple Tree"—(This has a meaning to several girls in seventh period P. E. and a funny meaning at that from the giggles it causes.) . . . Trade compliments with you. . . . Somebody pick Phylis up again. . . . This is all I have heard dear readers; my ears kind of get dirty close to the end of the week just before Saturday night and I can't hear all that goes on so well.

**Just Thinking:**  
 What will the seniors do when they finish school? This is a serious question. . . . Will the Senior play be a colossal, stupendous, or gigantic success? My guess is all three. . . . How will Longview come out in the district meet? . . . About the many married kids in L. H. S. . . . Who's home room will win the volleyball tournament?

**Imagine:**  
 Mary Owen as a housewife . . . Marjorie Muse as an opera singer. . . . Phylis Creasey, "The Runt" as a professional volleyball player. Bennie Frances Williams as a secretary. . . . Doris East as anything but a "tomboy" . . . Pauline Pilon as a chorus "cutie" . . . Elaine Foote as a glamour girl. . . . Billie Boy Terrell as the "play boy" of the big city night life. . . . Opal Nichols as Mae West. (Just take a peek at her in gym shorts).  
 Gotta go, Gotta go, Gotta go—there's a tom cat meowing at my door. He's come to ask me for a date for the Senior play. Who are you going to take?

Well, take it Mr. Owens.

Betty Lou, Ruth and Mildred are practically inseparable these days.

Gus seems worried about something; maybe his girl did him dirty.

Well, this face is a little unfamiliar.

Maybe she is telling the girls the story of the three bears. Could be.

One of the outstanding social events of the season was a picnic given for the Latin department by Mr. and Mrs. W. W. Davis and their daughter, Louise, at their home on the Judson Road, Friday evening, March 24.

The occasion was the initiation of new members into the Junior Classical League.

The National Honor Society was founded to recognize outstanding merit in scholarship, character, leadership and courage. There are thirty members in the society.

The Quill and Scroll, which has twenty-two members, was organized for students who have done outstanding work in journalism. Another journalistic organization of the high school is the Press Club.

Under the direction of Miss Phyllis Brannon, the choral club has accomplished much in two years. There are fifty-two members of the girls' choral club and twenty-three members of the boys' choral club.

The Junior Classical League is a national organization for Latin and Greek students. The purpose of this club is to further an interest in these languages and their relations to other subjects such as art, music, public speaking, English, and advertising.

# SPORT SPARKS—

The Lobos prospects for a district track championship are brighter than they have been in several years. In Fred Johnson, the Lobos have the best javelin thrower they have had since Preston Simms graduated. Besides winning the county javelin throw, Johnson also won the broad jump with a leap of 20 feet, 2 inches and placed third in the 100 yard dash, so he should gather a few points at Tyler. Junior Dunaway, who won the 220 and the 100, and ran on the winning mile relay team at the county meet, is also due to gather some points.

If Malcolm Blackwell's leg continues to show improvement, he may surprise some of the fans at Tyler. In the first meet of the season, he broad jumped 20 feet, 1 inch. He has placed in the 100 and 220 for two years at the district meet, and he should be at his best the 15. The mile relay team composed of Dunaway, Hardy Miller, William Knox, and Blackwell are due to kick dust in the faces of several of the teams at Tyler.

Billy Bob Barton has a good chance to win the high jump at the district meet and set a new record in doing so. At Gladewater he high jumped six feet on the first try. He was second in the district last year with a jump of 5-10, two inches under his county record this year. That two inches may mean a lot when he starts competing with the best high jumpers in 8 counties.

Silas Winkler and William Goodson will have a busy day at the district meet. They will tangle up the tennis champs of the various counties represented at Tyler, and if they get through in time, they will try to help their teammates win the district volleyball championship. Longview will not have a playground ball team this year unless more boys start coming out. If William Knox runs in the district meet, he will be eligible for a track letter and he will be the only three sport letterman in Longview High. He has already lettered in football and basketball, captaining the latter sport.

## REVEREND JONES SPEAKS IN ASSEMBLY

Reverend Jasper Jones, world peace commentator, spoke to the students on world peace, in assembly, Tuesday.

He opened his address by reminding the students of their responsibility as youths to avoid war. "War is a Sin," stated Rev. Jones, "and the young people today are the only ones who can possibly stop the oncoming crisis."

Rev. Jones said that, roughly speaking, \$40,000,000,000 was spent during the four years of the last war. "This is money enough to furnish every family in America, Canada, Europe, Asia, and Australia with a very nice home and a couple acres of land, and money enough to build a magnificent library and school in every community of all the above countries."

Rev. Jones showed the awed students posters made by high school students, on which were painted stirring pictures and messages.

The speech ended with an appeal to the pupils of the school to help prevent war, Rev. Jones asked that all contribute something to this noble cause and receive in return a celluloid button that reads "Wars? We say no!"

## Lady Lobo Lettermen Announced; Prospects For '39-'40 Promising

The girls to be awarded sweaters for their work in basketball as announced by Miss Bertha Mae Treadaway, girls' coach, are Doris East, Margarete Dilworth, Maxine Ford, Edith Pittinger, Ardelle Barlow, Mildred Terry, Lucy Thompson, Lolita Hestand, and Fannie Winn. These nine girls carried the green and white through with seven victories out of a total of fourteen games.

A brief summary shows how these girls have earned these awards. Doris East comes first because she was the only three year "letter-man" on the team this year. She proved as one of the outstanding forwards on the team although she stood out as a guard the first two years. A total score of 81 points has placed her second in scoring position to Margarete Dilworth, another outstanding player for the Lady Lobos. Margarete, having been in Longview for only one year, is a one year "letter-man." With a score of 105 points for the entire season, she receives top-notch position on the scoring chart. Coming third in this list of forwards is a regular player, Maxine Ford, who chalked up 26 points in the season's fight. Able substitute forwards were Lolita Hestand and Fannie Winn, both one year "letter-men." Lolita scored thirteen points for the Lobos while Fannie scored ten ringers. Being only a sophomore, Lolita is a good bet for the next two years.

A good guard line-up was a sure thing in favor of the Lobos. Pittinger, Terry, Thompson, and Barlow worked hard and fast, not only to get the ball to the forwards but to take time out to make a few goals themselves. Terry rates first on the guard line-up with ten points while Pittinger and Thompson made four and two points respectively. Two year "letter-men" in this group are Mildred Terry and Edith Pittinger. Good bets for next year are Lucy Thompson and Pittinger.

## April 7 To Be Good Friday

The Knights of Columbus, a Christian organization, has issued a proclamation to everyone to recognize Good Friday, April 7.

The proclamation has been given to all city and county offices, theatres and business houses to close between the hours of 12 to 3 p. m. on April 7.

All civic organizations, retail merchants association, and public schools will be expected to help in the movement.

Those signing the proclamation were: Mr. W. J. Flahie, chairman, Mr. C. J. Tighe, Mr. Joe Grimes, Mr. G. E. Sweeney and Mr. M. E. Zoller.

## Junior High Makes High Record

Junior High was not left behind when the interscholastic league contests were being played. Several of the Junior boys made an excellent record for themselves and for the school. The reports from Mr. Dominy, athletic instructor, are as below:

Chinning, 4th place—Walker.  
50 yd. dash, 2nd place—Wallace.  
100 yd. dash, 3rd place—Wallace.  
High jump, tied 4th place—Wallace.

High jump, tied 1st place—McKenna.  
Relay, 1st place—Wallace, Cobb, McKenna and Gilstrap.

Mr. Perry Meredith, football coach, has 36 boys out for volley ball and said that, if there was ever a time when every player was as good as the other, this was it. However, he has 12 boys in mind that will probably be chosen.

The soft ball tournament was played off last week, but the results have not been reported. Captain of the team is Kenneth Pepper.

In class A tennis, Clinton Smith and H. J. Burns won the doubles, and Tilix Erwin, singles.

In class B, Pat McKenna, Berneil Larson and Buddy Murphy and Ralph Cobb are competing for the doubles. Harold Gilstrap, singles.

## Physics Class Visits Plow Works

The fifth period physics class under the supervision of C. L. York visited the Kelly Plow Works company last Tuesday, March 28.

The main purpose of the trip was for the students to watch the casting and forging works. The entire plant, however, was visited; and the painting and wood shops especially offered many interesting scenes.

## Winkler and Goodson Win Tennis Meet

With the count evened at two sets each, Kilgore leading in the final set, 5 games to 2, and 40-love in the eighth game, the Longview doubles team of Silas Winkler and William Goodson came from behind to win the game and take the set 8-6 at Union Grove last Friday.

Earlier in the day, Si and "Al" had defeated the Gladewater doubles team, 6-2, 6-1. In the first game of the finals, the Lobos took the Bulldogs 6-3, but lost the next two 6-8, 8-10. They knotted the set count at 2 all by taking the next set 6-4. In the final set, the Lobos were trailing in games, 2-5. The Kilgore boys were leading the eighth game 40-love, when Winkler and Goodson seemed to come to life and to break through the Kilgore serve to deuce the count. After the game had see-sawed back and forth, the Longview team finally took the game, and the next two to knot the game count, 5-5. Kilgore took the next game, and then Winkler and Goodson took the next three to win the set 8-6 and the county championship.

Mamie Jane Thompson of Longview won the girls junior singles. The girls doubles team of Betsy Chaffin and Evelyn Bivins lost to Kilgore 1-6, 0-6. Byron Hampton and Billy Lancaster won boys Junior doubles by defeating Kilgore in the finals. Ruth Ashford lost senior girls singles to Kilgore 1-6, 0-6. Ross Chapin was defeated in Senior singles by Gladewater who, in turn, lost to Kilgore.

## Lobos Win Volley Ball Title

Sparked by Silas Winkler, the Longview Lobos retained their county volley ball championship by defeating the Gladewater Bears at Gladewater last Saturday.

After the Bears had won the first game 15-7, the Lobos started playing a little better brand of ball and took the second game, 15-6. With the score 8-5 in the last game, Winkler started spiking the ball directly down into the faces of the Gladewater boys. The Lobos went right on out, the final score being 15-5.

The Lobos will journey to Tyler for the district meet, April 15. The same boys will probably go to Tyler who made the trip to Gladewater. They are Winkler, Byron Buchanan, Melton Milner, William Goodson, James Freudiger, Bruce Gaw, T. A. Scott, and Roy Edwards.

## DAVIS AND MILLER OUTSTANDING DEBATERS

Miss Ethel Kaderli has announced that Louise Davis and Hardy Miller have earned the positions of most outstanding debaters in high school.

Louise, because of the good work which she has done in debate work during the county meet, will receive the award that the Parent-Teacher's Association gives each year. Hardy will receive the award which R. Matt Dawson, a local attorney, is presenting to the outstanding boy debater.

### Longview Ward School's Boost Much Progress

The second oldest ward school in Longview, First Ward, has been greatly improved recently under the supervision of Principal A. B. Owen.

The main aim of First Ward, according to Mr. Owen, is to make the school like a home. During the past year the building and campus have been beautified by shrubs and rose-bushes.

The enrollment totals around four hundred and seventy pupils who are taught from the first through the seventh grade.

First Ward has the leading athletic record of all the ward schools. This year the First Ward football and basketball teams both went through the season undefeated. At a recent track meet in Gladewater the First Ward team compiled more points than all of the other opponents entered in the meet. The prospects for their baseball team are also favorable.

Possibly the greatest improvement of all is a loud speaker system that was installed the first of the year. The central of the system is located in the principal's office and messages may be sent and received in the office. Educational programs are often heard by the whole student body since the system also contains a radio.

In 1932 the Junior High was organized with thirteen teachers and a rough estimate of 650 students. This school, formerly the high school, was erected in 1929. The seventh grade was then in the grammar schools and one began his high school career in the eighth grade. There is now enrolled in the school 462 pupils. At least 540 pupils have always been in the school at all times, but one year 600 different students were enrolled.

Although it is the smallest of the ward schools, Northcutt Heights is one of the most progressive of the Longview Public Schools.

The first interclass room communications system to be established in the Longview schools was installed last year at Northcutt Heights by A. B. Owen, present principal of First Ward School.

In the school office are an electric victrola, electric radio equipment, and a microphone. Wires run from the office to each classroom where electric amplifiers are located. The principal broadcasts messages to the class rooms and thus the necessity of sending announcements to each classroom is eliminated.

Campus Ward is located immediately behind the Nicholson Memorial Library on South Green and College Streets in the red brick building formerly occupied by the Senior High School before the new building was constructed.

Campus Ward now claims approximately 512 students. The grades range from the first through the sixth.

Several English clubs have been organized and are sponsored by Miss Bernice Buckellew. The clubs prepare their own programs, which are presented once every two weeks. New officers are elected every six weeks, thus upholding the democratic principle.

The youngest ward school in Longview is the South Ward School located at Moberly and Myrtle streets, it boasts an enrollment of three hundred and seventy pupils.

Students in the school participate in all types of athletics and literary activities.

### Rosson's Home Room Presents Program

Mrs. Virgil Rosson's home room presented one of the outstanding assembly programs of the year, March 29.

More school talent was expressed Wednesday, March 29 as Taylor Jay Myers exhibited his ability to tap dance. A piano solo by Mary Virginia Meadows followed the tap dance. The story of the three bears, which is always enjoyed by students of Longview High, was told by Robert Cantrell to Bobby Griffin whose blond beauty and "venus" figure did justice to the garments he was wearing and the blond wig. The ever welcome "song Bird" Ernestine Ashworth favored the audience with two solos, "Heaven Can Wait," and "Deep Purple."

Flash! Did you know the school had been harboring a Walter Winchell within its walls? This belief was confirmed as Jack Smaha flashed the latest events taking place within the hallowed halls of old Longview High. "Small Fry" portrayed by Charles James and Robert Shelton concluded the program.

### Makes Safety Talk on Radio

"Which is the safer, your home or the streets?" asked Mr. Speight at the beginning of his talk over the radio Thursday, March 30.

The most important part of his speech was the statement, "As many people are killed each year in the home accidents as are killed in traffic accidents on the streets and highways."

Mr. Speight also brought out seven safety points which are well worth some thought. They were:

1. See that things are in their proper places. Skates in the hall, books on the stairways, buckets in the cellarway might cause some one to trip.
2. Have good lights on the stairways and at other points where one is likely to stumble.
3. Have rugs taped so they will not slip.
4. See that stair treads are in good repair and firmly tacked.
5. Have a rubber mat in the bath tub. Some of the most serious falls result from slipping on the smooth tub surface.
6. Use a stepladder in reaching high places.
7. Make the porch railing firm and steady.

### Girls Let Boys Know Emphatically How and How Not To Act

The girls of Longview High at least seem to agree on one thing and that is that all boys should take a course from Emily Post. (Boys, look out; here it comes!)

The first interviewed was Mary Virginia Ray, who stated, in no uncertain terms, just what she thought of a boy that waked the dead by blowing the horn instead of coming to the door.

Melba Stovall showed her dimples and said, "I think they ought to act like gentlemen." (She really meant "he").

"They ought to keep their places," blurted Charlotte Corban with flashing black eyes when asked how she thought a boy should act on a date.

Adorable little Mary Freudiger gently said that she wanted the boy to order his drink first so she would know how much he could spend.

Ernestine Ashworth emphatically declared that a boy should let a girl know what show he can afford—if any.

Ida Ruth Blalock opened her hazel eyes widely and exclaimed, "Oh, boys should open the door for you and just be polite in general."

The Louise Rainer, Coleen Grant, raised her dramatic eyebrows and coolly retorted, "Why, they should be courteous, not only on dates, but also at all times."

Imogene Baccus with the Roman Goddess profile said she liked for boys to be entertaining on dates—have something going every minute.

Shirley Patriquin hates for boys to brag!

And listen to this boys—Mary Virginia Meadows says to be sure to help the girls with their wraps.

"Above all things keep the conversation going," advised Lois Cobb.

Now if the stronger sex will heed the above friendly criticisms, they will be pretty "nigh" to perfect.

### DELEGATE SENT TO STUDENT COUNCIL ASSN.

### L. H. S. Boasts Clubs

(Continued from Page Two)

among many athletic organizations, that a boy who excels in muscle work should be exempt from brain-work, the Boy's "L" club has attempted to encourage scholarship in the athletics of Longview High School.

A regular course for student librarians is offered to members of the library club. The purpose of the course is to train students to help in the library next year.

The camera club takes pictures of various activities and happenings in the school.

All students interested in baton twirling were invited to become members of the Baton Club in order that they might have a special period to practice.

These organizations held meetings twice a month on Thursdays.
